

QUALITY POLICY

Commodore Cement Industries is committed to excellence in customer service and quality performance. To ensure that this commitment is continued, we will:

- ↓ drive performance excellence through adhering to our strong values and principles.
- ↓ maintain well developed Management Systems to increase operational efficiencies and ensure that we exceed our customers' expectations.
- ↓ continuously evaluate and improve our operations through our Management Systems, by setting and reviewing objectives and targets with the main focus on promoting **"Right First Time, Every Time"** and **"Zero Defects"** approach.
- ↓ understand Main Client requirements by working closely with the Main Contractor, its Consultants and Engineering Team to meet project needs and goals
- ↓ conduct formal audits and regular reviews of our Management Systems as well as
- ↓ continuously improve our Quality Management System and maintain third party certification to ISO 9001:2008

Quality performance from all employees is essential to ensure Commodore Cement Industries long term success.

Christof Kessler
Managing Director
